

Dear Shellingford Residents

**Application for planning permission for formation of improved agricultural access to Church Farm, Shellingford**

We have recently submitted an application for planning permission for the formation of a new entrance to Church Farm, Shellingford. The proposed access point is to the B4508 Fernham Road replacing an existing field gate. A farm track will connect with farm buildings to the south. The proposed access is to support farming at Church Farm in allowing better access to farm buildings.

The application requires the removal of a section of hedgerow next to the B4508 and the planting of a new hedge set back from the road to provide an adequate visibility splay.

We would like to invite anyone with an interest in this proposal to come for a drink at Goodlake Barns on Monday 4<sup>th</sup> July between 7 and 8pm. We will be on hand to answer questions.

Andrew Gantlett
